LeetCode: chandru_s11 | CodeChef: chandru_s11 | Codeforces: chandrusgrp

Summary

B.Tech CSE student at Amrita Vishwa Vidyapeetham with a strong foundation in Data Structures and Algorithms (DSA) using C++. Solved 300+ problems across LeetCode, CodeChef, and Codeforces. Passionate about competitive programming, algorithm optimization, and building scalable applications using Flutter.

Education

Amrita Vishwa Vidyapeetham, B.Tech in Computer Science

Aug 2023 – May 2027

- CGPA: 8.41 / 10.0
- **Coursework:** Computational Problem Solving (C++), Data Structures and Algorithms (C++), Object-Oriented Programming (C++), Design and Analysis of Algorithms, Database Management Systems

Skills

C, C++, Dart, JavaScript, HTML, CSS

Flutter, Firebase

Languages

Frameworks & Tools

Experience

GSSoC '24 Contributor

I was ranked 904 out of over 72,000 contributors globally in GSSoC'24. During the program, I significantly improved a ticket booking platform by enhancing the UI/UX, refactoring redundant code, and implementing accessibility features like ARIA labels. I also optimized CSS and JavaScript animations to improve responsiveness across devices. Throughout the contribution, I adhered to best practices in modular code structure, readability, and performance optimization.

GitHub

Projects

PingMeet – Private Flutter Chat App (Used by 10+ friends)

GitHub

- Built a real-time chat app using **Flutter**, **Firebase**, and **Firestore**.
- Integrated login/signup, profile image, chat rooms, search, and message sending with timestamps.
- Designed for peer-to-peer private use; APK shared via USB and used by 10 friends (not on Play Store).
- Tech Stack: Flutter, Dart, Firebase Auth, Cloud Firestore, Shared Preferences

BlinkNews – Flutter News Application

GitHub

- Developed a dynamic news app using **Flutter** and **Dart**, fetching articles via **REST API** from NewsAPI.org.
- Integrated features like category-based filtering, breaking news slider, and article preview with WebView.
- Followed modular architecture, async data handling, and best practices for mobile development.
- Tech Stack: Flutter, Dart, REST API, WebView, JSON

Achievements

IIT Madras – Shaastra: Ranked 7th among top coders at India's premier tech fest.

Apogee, BITS Pilani: Finalist in a national-level hackathon.

Green Hackathon, AVV Chennai: 3rd place – built eco-tech solutions.

Bio Ideathon, PEC: 1st place – presented a sustainable bio-tech idea.

Ideate, AVV Chennai: 3rd place for innovative real-world proposal.

AlgoCrack: Winner – solved complex DSA challenges under time constraints.
